LETTER FROM THE DIRECTOR

International Student & Scholar Services (ISSS) has been committed to providing culturally sensitive services of the highest quality to international students and scholars since the University of Illinois at Urbana-Champaign became the first university in the nation to create an International Student Advisor position in 1907. We are therefore proud that our campus population reflects this history of service to international students by ranking 2nd amongst US public institutions hosting international students (6th overall) and 12th for scholars. We happily share the statistics contained in this report for informational purposes, but we want to emphasize that the international education efforts on campus go far beyond impressive attendance numbers. The University of Illinois has spent over a century at the forefront of this field, and ISSS continues that work by not only being the primary point of contact for all matters related to immigration status at the university, but also by being advocates for our international population and providing social and educational programming throughout the year.

Our campus welcomed 3,243 new international students this fall. The top three countries represented were consistent with last year, as China (1,649), India (427) and South Korea (282) accounted for 73% of our new student population. This year, new graduate students outnumbered new undergraduate students for the first time since 2007, with 1,648 (51%) and 1,595 (49%), respectively. The number of enrolled international students is the second highest the campus has ever seen, with fall 2018's number of 10,577 topped only by last year's 10,834. Graduate students account for approximately 51.1% (5,405) of this international enrollment, the first time they have outnumbered undergraduate students since 2012. Undergraduate students make up 48.9% (5,172) of the international student enrollment, which means both populations are over 5,000 for the third consecutive year.

Our students represent 116 countries, and increase of 3 from last year, with 87% of students coming from Asia which is consistent with 2017. The top five countries of origin are: China (5,725), India (1,458), South Korea (1,002), Taiwan (347), and Indonesia (139). From July 2017 through June 2018, the UIUC welcomed 2,012 international faculty and staff to its campus, the fourth consecutive year this number has exceeded 2,000. 26% were working and researching in Liberal Arts and Sciences, followed by 22% in Engineering, and another 8% in Agricultural, Consumer, and Environmental Sciences. The most represented country was China, with 961 faculty and staff, followed by India (177), South Korea (147), and Brazil (86).

ISSS remains honored to serve so many talented international students, faculty and staff at the University of Illinois at Urbana-Champaign and we look forward to continue to work with a population that is integral to the success of our campus.
